GMT ems respiratory  
emergency management  
demystified pdf - Sudden  
infant death syndrome  
(SIDS) is defined as the  
sudden death of an infant  
younger than 1 year that  
remains unexplained after a  
thorough case investigation,  
including performance of a  
complete autopsy,  
examination of the death  
scene, and a review of the  
clinical history. Cases that  
fail to meet this definition,  
including those ... Sudden
